## Leather Care & Maintenance

Congratulations on your choice of Windsor leather hardware. Although this fine Italian Leather product is protected by a urethane covering, it will need gentle care and maintenance to keep it in top condition.

- Clean regularly with a soft, damp cloth as dirt and grime can act as abrasives on leather.
- Use an appropriate Leather furniture conditioner periodically as required. This will depend on frequency of use and proximity to sunlight.
- Wipe off food and body oils as soon as possible as they will oxidise and change the colour of the leather.
- Don't use water, cleaning solvents, soaps or ammonia based products to clean the leather; Water based stains will leave a permanent mark.

This small amount of routine care can only preserve the elegance of your Windsor Leather Hardware.
